

**Leesylvania State Park  
Special Lottery deer hunt  
Jan 19-20 and Feb. 12, 2010**

**Weapons qualification required to participate in this hunt.** Persons selected from the lottery to hunt at Leesylvania must successfully complete a weapons qualification and show proof of this at the pre-hunt orientation in order to participate in the hunt.

**Required Pre-Hunt Orientation:** All selected hunters must attend a pre-hunt orientation in order to participate, even after being selected in the lottery. The orientation is on **Jan. 16, 2010 at Leesylvania State Park**. Orientation will be at 9 AM for hunters in Zone 1 and 1 PM for hunters in Zone 2. Hunters must bring weapons qualification certification to this briefing as well as proof of completion of a hunter safety education course.

**Weapon qualification:** Pick up a certification card, qualification requirements and list of participating ranges, from the park office prior to going to the range. Certification consists of firing from an off hand position one shot at a 14" square target at 25 yards. You will be allowed up to two attempts to achieve a passing score. Bring eye and ear protection to the range. Passing score requirements for 16, 12 and 10 gauge: at least 5 pellets for #1, 4 pellets for #0 and #00 and 3 pellets for #000. Passing score requirement for 20 gauge: if #2 buckshot is used, at least 6 pellets in the target; if #3 buckshot at least 7 pellets in the target.

**Range certification list:**

Only weapons and ammunition used in certifying may be used in the hunt. Certification is good for 3 years. Persons who met these qualification standards for the Mason Neck Hunt or for a northern Virginia hunt last year may show their documentation in lieu of certifying this year. NOTE - bring eye and ear protection - most ranges require it to get on the firing line. The following ranges have agreed to certify hunters for Northern Virginia hunts. Please note and respect time limitations and fees--we appreciate their cooperation and assistance for our hunt qualification.

Bull Run Regional Park Shooting Center

All firearms must be unloaded with action open while at a range except when specifically instructed by a range officer to load and fire. Failure to comply with regulations, unsafe activity, or range officer instructions will result in being banished from the site, not completing requirements for the hunt, and not getting a permit!  
**THE RANGE OFFICER'S DECISION REGARDING SAFETY OR QUALIFICATION ON HIS RANGE IS FINAL - NO APPEALS!**
